不一樣的法國鄉郊 Mediterranean pleasure

遊法國南部的聖特羅佩 (Saint Tropez)，除了一睹怡人的海岸風光外，也不妨一到當地靜謐的度假村。Hotel Sezz Saint-Tropez 由 Christophe Pillet 操刀設計，佈局猶像普羅旺斯 (Provence) 小村般親切可人，正可令遊客感受當地的鄉野氣息。

度假村的建築用上傳統的地中海材料，融入當地景致之餘，亦與當地文化結為一體。度假村內隨處可見玻璃幕牆和大型窗戶，觀感通透開揚，與四周厚重的石牆和粘土瓦片屋頂相映成趣。在色調方面，設計師從上世紀50年代取得靈感，以當時流行的白色、淺灰、深褐、淡藍和橙紅等點綴室內，配合豪華的地毯和紅色的燈具，配搭別樹一幟，亦富懷舊氣息。

度假村內所有的客房俱有不同個性，並擁有室外淋浴間、陽台和私人花園；較高級的別墅則設私人游泳池，兩間臥室和獨立客廳。

Like a small Provençal village, the resort's complex of low buildings is grouped around the heart of Hotel Sezz Saint-Tropez: a spacious central pool area with furniture designed by Christophe Pillet.

Typical Mediterranean building materials were skillfully incorporated to visually link the region to its cultural heritage. Entire walls of glass and oversized windows are used throughout the resort to counterbalance the heavy stonewalls and clay-tiled roofs.

Overseen by Christophe Pillet, the interiors reflect the 1950s color code with a mix of white, light grey, dark brown, light blue and saffron. The extravagant mustards of the carpets and the reds of the light fixtures and linens highlight the subdued palette of local materials.

At the hotel the rooms' furniture is subtly conceived to enhance the perception of space. All of the guestrooms are at garden-level and each of the guestrooms is individually designed and has an outdoor shower, its own terrace and a private garden. The villas are designed with a loft concept and are filled with airy, open spaces. They come with a private pool, two bedrooms and a separate sitting room, all decorated with a pleasant Mediterranean touch.
